

Graduate Institute of Finance Master

It's necessary to achieve **42** credits for graduation, but you need to take **7** courses on the list below, including seminars (zero credit) for 3 semesters. And you could also choose courses from other departments in School of Management (ex: MBA, Graduate Institute of Industrial Management, Department of Business Administration....,etc, but only graduate school courses are permitted) for the left 21 credits.

Required Courses list (21 credits)

*Before the end of the first year, students have to take the “Academic Research Ethics” course from Center for General Education. Otherwise, students can't apply for an oral defense.

***The professors don't teach required courses every year. Some courses are taught once in two years. Please notice your course arrangement.**
